

§34 Provisions governing credits

(1) Examinations and prerequisite which have been taken and passed by the students of the Master-program Energy and Environmental Management of the University of Flensburg before this Examination Regulations Statute came into effect are still valid. The grades from those examinations will entirely be included in the calculation of the overall final grade.

(2) Failed attempts, which were made before this Examination Regulations Statue came into effect, will be accounted on the number of attempts according to this Examination Regulations Statue, as long a crediting is not forbidden by the structure of the module examination.

(3) Upon request the Examination Committee will decide on hardship cases that are outside of the student's control.

UNIVERSITY OF FLENSBURG
