SeaBeyondBorders is a local Citizens' Engagement Activity taking place in Flensburg, Germany.

During this two-day event, the public will have the possibility to discover inspiring cooperation projects concerning the protection of the sea and the sustainable development of the Baltic Sea region.

The participants will be invited to explore "A Deeper Dive" art project (Maksym German, Master's thesis art project, Europa-Universität Flensburg), taking a sound journey and experiencing a deeper connection with nature.

The second day of the event, we invite citizens to take part in our beach clean-up action, joining the International Coastal Cleanup Day.
