A well-ordered life is like climbing a tower; the view halfway up is better than the view from the base, and it steadily becomes finer as the horizon expands

Lecturers from our European partner universities can visit Europa-Universität Flensburg via the ERASMUS+ programme.

Applicants must submit a request with a teaching assignment proposal which should be endorsed by both the sending institution and Europa-Universität Flensburg. The essential elements of the assignment should cover overall aims and objectives, expected results in terms of teaching, activities to be carried out and, where possible, a detailed programme for the period abroad.

The teaching period must be defined in the cooperation agreement; the duration may vary depending on the cooperation.
