### 16/02/2017 - EUF looking towards Europe

#### Annual Reception @ Europa-Universität Flensburg

The year could not have started better at the Europa-Universität Flensburg. The words most spoken in the speeches last night was "Europe" – either because there is a need for the university to orient itself more towards Europe or because of the B.A. European Cultures and Society. This was also the first year in which the prize for Excellence in European Research was awarded. All the attention was turned to the first recipient of this prize - Prof. Dr. Hauke Brunkhorst - for his outstanding scientific research in European topics.

The Europa-Universität Flensburg presented itself and its study programs in a stand with brochures, leaflets, posters, roll-ups, pens and candy and The B.A. EUCS was kindly invited to join pupils of two classes and present the bachelor to them. The reactions were positive and many came by the university stand to ask specific questions about our several programs.

## 07/10/2016 - EUCS student defining "Peace" in Schleswig-Holstein

What is the definition of Peace?

To celebrate its 70th anniversary, the German state Schleswig-Holstein decided to call upon its friends to shoot some videos showing a place that they liked or explaining a concept connected to this state. The aim was to form a lexicon and have it in the main website of Schleswig-Holstein.

Under "F" for "Frieden", or in English "Peace", we can find Qais Hatefi, a new student of the B.A. European Cultures and Society, presenting us with his own definition.

Cheers to Qais for his help and to Schleswig-Holstein for its anniversary.

Take a look at the entire lexicon [here](#).

Congratulations EUCS!

### Thank you!

We are very pleased to inform that the Europa-Universität Flensburg received an exemplary answer from AQUAS (Agentur für Qualitätssicherung durch Akkreditierung von Studiengängen) in what refers to the accreditation procedure of its new Bachelor of Arts European Cultures and Society (EUCS). The program received a very positive answer and a certificate which guarantees its accreditation for the next 5 years.

Like all accreditation procedures this one was also long and hard and we cannot help but thank the commitment and dedication of everyone involved in making this bachelor a reality. Thank you ever so much!

Now that the accreditation procedure is over it is time to focus on the new semester, which is about to start and on making this B.A. as successful as desired.

## 01/09/2016 - Campus Angels are here for you

Need a room? Need help settling in? You don't know what to do until the semester starts?

The Campus Angels are here for you!

They sit at the Infodesk of the Erweiterungsgebäude, commonly known as EB, and are happy to answer questions and orient new students either personally, per telephone or per email.

For international students especially, they provide important guidance in what concerns German bureaucracy: sign a rental contracts, open a bank account, obtain health insurance, finish

the matriculation process, register in the city hall, buy a sim-card...

They are also happy to help newly arrived students to start getting to know the city, the university and one another. For that they organize a series of gatherings, events and parties.

#### Studieren im Norden

The B.A. European Cultures and Society was present in the biggest university fair in the north on Saturday May, 28th to present itself to the many prospective students that showed interest in this new Bachelor program.

The fair was big and occupied a big part of the Elbcampus, however many prospective students made their way to the Stand of the Europa Universität Flensburg.

If you missed it, there is still one last chance to meet us in a big event and talk to us directly: that is on June, 15th in the Study Try-out Day in the Europa-Universität Flensburg. Other than that, you can always send us an email or visit us on Campus.

### 16/05/2016 - EUCS presents itself to the world

During the last two weeks the B.A. European Cultures and Society presented itself to the public in several events.

The B.A. European Cultures and Society (EUCS) has participated in a series of events, in which it had the opportunity to present itself, to answer questions, to talk to our partners and most important of all, to talk to interested future bachelor students.

From the 2nd to the 4th of May the Europa-Universität Flensburg celebrated its traditional Future Week (Zukunftswocbe). During this week regular classes are put on hold for the students and the university staff to discuss the future of Europe and in this context also the future of the university.

During this week, the B.A. European Cultures and Society had the chance to meet the representatives of some of our partner universities spread through the world. Our partner universities were very interested in our bachelor and were excited to extend their cooperation, that is, to accept students from EUCS and to send students to attend our lectures. (02.05.2016)

The B.A. EUCS was also offered the chance to participate in the Bachelor Information Day aimed at showing the several study programs that both the Europa Universität Flensburg and the Hochschule Flensburg have in cooperation with the University of Southern Denmark. In this event, Prof. Dr. Reichold, Head of Studies of this B.A., thoroughly explained the concept of the study-program to a room full of interested students. (03.05.2016)

The week after, EUCS was present at the Europa-Universität stand in the Nordjob Fair that took place in Flensarena, in Flensburg. We were pleasantly surprised to see so many people interested on the B.A. European Cultures and Society, asking concrete questions about the program and how to apply. (10-11.05.2016)

## 03/05/2016 - EUCS @ the Job Center in Flensburg

This Saturday the B.A. European Cultures and Society presented itself for the first time in a University fair, with successful results.

The fair started at 10:00 and finished at 15:00. During this period of time the B.A. EUCS was presented alongside the other bachelor programs being offered by Europa-Universität Flensburg. We were happy to provide information about our study program to the many visitors who showed interest in receiving more information.

The visitors were mainly interested in obtaining more information about the program, how to apply, what are the job possibilities, what activities can be done in Flensburg in parallel to studying...

We hope to have satisfied the curiosity of all our visitors and to welcome many of those visitors to our B.A. in October.

For those who could not be present at this job fair, you can join us on 03.05.2016 at the Bachelor Information Day, on 10-11.05.2016 in Nordjob or later this month in Hamburg. Otherwise feel free to send us an email if you have any questions you would like to ask us.

# Rückenwind fürs grenzenlose Studium

Zwischen Flensburg und Sonderburg gibt es immer mehr Studienangebote – und am Dienstag den ersten gemeinsamen Bachelor-Infotag

**FLENSBURG** Kommendes Jahr feiern Flensburg und Sonderburg ein in der internationalen Hochschullandschaft seltenes Jubiläum: 25 Jahre grenzüberschreitende deutsch-dänische Studiengänge. Mehr als 11 000 Studierende lernen, forschen und leben mal diesseits, mal jenseits der deutsch-dänischen Grenzen. Sie studieren ganz unterschiedliche Fächer: beispielsweise Interkulturelle Kommunikation oder Ingenieurwissenschaften mit Schwerpunkt Mechatronik an der Syddansk Universitet (SDU), Internationales Management an der Europa-Universität Flensburg oder Energiewissenschaften an der Fachhochschule. In vielen dieser Studiengänge kooperieren Deutschland und Dänemark.

Das Mads-Clausen-Institut an der SDU und die FH Flensburg zum Beispiel bieten seit wenigen Monaten die Möglichkeiten für ein grenzübergreifendes Ingenieursstudium an. Seitdem können Bachelor-Studiengänge mit Master-Studiengängen der SDU kombiniert werden. Zusätzlich zum Studium an beiden Hochschulen bearbeiten Studierende Projekte und Abschlussarbeiten mit

starkem regionalen Bezug, damit sie als Absolventen neben dem Abschlusszeugnis ein Zertifikat für grenzüberschreitendes Studieren erhalten.

Die Besonderheit des grenzenlosen Studiums: die Chance, zwei Sprachen, zwei Kulturen und zwei Wissenschaftssysteme kennenzulernen. Englisch macht einen Teil der Unterrichtssprache aus – der neue Europa-Bachelor der Uni „European Cultures and Society“ wird sogar komplett auf Englisch angeboten.

Allerdings kommt das Gros der mehr als 11 000 Studierenden der Region vom

Internationale Studierende im Audimax, EUF

Flensburger Campus – von der Europa-Uni (gut 5000) und der FH (gut 4000). Und am mobilsten in der deutsch-dänischen Hochschullandschaft erwiesen sich die Studierenden der deutsch-dänischen Studiengänge am Management-Institut der Uni. Die Durchlässigkeit der Grenze in südlicher Richtung wird durch zwei Umstände erschwert: Dänen dürfen keine Prüfungen in Deutschland ablegen – und ein Studium an deutschen Hochschulen gefährdet das lukrative dänische Handgeld für Studierende.

Ihre gemeinsamen Studienangebote stellen die drei Hochschulen der Region zum ersten Mal gemeinsam vor: beim Bachelor-Infotag der internationalen und deutsch-dänischen Studiengänge. Schüler können sich am Dienstag, 3. Mai, von 14 bis 17 Uhr an der Europa-Universität über das grenzüberschreitende Studienangebot informieren.

Im Rahmen von Vorträgen wird auf dem gemeinsamen Bachelor-Infotag über die Zugangsvoraussetzungen, die Inhalte und den Aufbau sowie die beruflichen Perspektiven des jeweiligen Studienprogramms informiert. Im Anschluss an die Vorträge können sich die

Schüler an den Infoständen individuell beraten lassen.

Gut einen Monat später wird es politisch auf dem Sandberg: Die Landesregierung mit Europaministerin Anke Spoorendonk und das dänische Forschungsministerium treffen sich am 6. Juni von 10 bis 16 Uhr hier zum regionalen Hochschulgipfel. *Carlo Jolly*

## 08/04/2016 - Exclusive image of the B.A. EUCS

### The B.A. EUCS has its own exclusive image.

In the first day of April the B.A. European Cultures and Society found its representing image in this cartoon drawn by the artist [Käthe Wenzel](#) to be used exclusively by this study program.

This image was conceptualized having in mind some of the Topics and Disciplines of the EUCS program and as well its essential and practical dimension "Doing Europe". As the first image connected to the bachelor that will start this upcoming Winter Semester 2016/17, it shows how promising this study program is in terms of allowing for the development of new ideas that go beyond the mere learning of university subjects.

With this image we look forward to welcoming all the new students that will join us in October and to launch the first stepping stone to an excellent study program.
