Scholarships!

This university **does not** offer scholarships to students. For more information on how to finance your studies, please check [DAAD](#).

Visa information

If the German embassy nearest to you has many visa requests, please schedule your visa appointment as early as possible, so that you can obtain your visa in time to register at the University.

International students (from outside of the EU) wishing to enter the Federal Republic of Germany require an entry visa for educational purposes (or student entry visa), issued by a diplomatic representation of the Federal Republic of Germany (embassy or consulate) in the student's country of origin and entered into the students passport. Prospective students should inquire in detail at an early stage about the visa requirements and should not enter Germany with a tourist visa. A tourist visa **cannot** retrospectively be converted into a student

Application Requirements

» Listen

There are generically two admission requirements that need to be fulfilled for the application to the B.A. European Cultures and Society:

1. High school certificate

Applicants from Germany

The main application requirement for the Bachelor's degree program "European Culture and Society" is a general high school degree or a subject-bound high school degree in economics.

In Schleswig-Holstein, a high school degree certifying readiness for a technical college does not entitle a person to study at a university.

Information about career qualifications that entitle a person to study at a university can be found [here](#) (information in German).

International applicants

International applicants (EU and non-EU applicants) need to have a high school certificate which is equivalent to the German high school certificate.

That is not the case for every high school certificate obtained abroad. Sometimes applicants need to complete further education in order to obtain the equivalence (ex. complete a preparation course, pass certain exams in their home country, have completed a certain number of years in a university, etc.)

In order to assess whether your education background qualifies you to apply to a university in Germany, please fill in the form kindly provided by DAAD in English - [here](#).

In case your country is not mentioned in the DAAD website, the full list of necessary high school requirements is provided by ANABIN (in German) - [here](#).

PLEASE NOTE:

- » The high school certificate needs to mention the highest grade possible, the lowest grade possible and the minimum grade for passing a subject. If that is not mentioned, you need to attach an official document from the school or the ministry of education with that information.
