Centre for Foreign Languages

» Listen

At the Centre for Foreign Languages, students and employees of Europa-Universität Flensburg who are interested in languages or who are fond of travelling can choose from a wide range of courses. Every semester, the Centre for Foreign Languages offers 14 language courses at different levels. Students can also take language exams here, for example the DELE Certificate in Spanish or the Oxford Online Placement Test for English.

The Centre for Foreign Languages is currently working on a tandem exchange for languages ("Sprachtandembörse"), where native speakers of different languages can team up with each other to improve their language skills in a fun and informal way.
