The International Center

›› Listen

The International Centre is made up of

- › the International Office and
- › Centre for Foreign Languages (Fremdsprachenzentrum)

If you would like to spend parts of your studies abroad, e.g. at one of more than 80 partner universities, we can offer you assistance and advice. Quite a bit of planning and preparation is required for a study stay abroad, such as attending language training and intercultural workshops, talking to other students who have previously experienced a study stay abroad and much more.

In addition, there are already many international students here with us at Europa-Universität Flensburg. So why not take part in the various activities the International Centre has to offer to gain new experiences and to make new contacts and new friends.

Welcome!
