### Planning

- » Students of the Bachelor programs Vermittlungswissenschaften, Bildungswissenschaften or International Management should plan their semester abroad for the 5th semester. Students of the Master programs should check with the directors of study if a stay abroad makes sense and when it can best be planned.
- » Improve your language skills at an early stage so that by the time your study abroad begins you have at least level B1/B2 in the language of instruction. Here you can find the [language courses](#) offered in the language center.
- » The International Center of the university also offers courses for intercultural preparation.

### Preparation

There are many practical things to take care of before your journey can begin. Our checklist provides an overview (in German):

[for IIM programs](#)

[for EUCS](#)

[for EUCS, 1st semester](#)

### Follow-up

After returning from your semester abroad at a partner university a report must be handed in to the International Center. Participation in the Information Day of the International Center is also most welcome!
