Once you arrive to **Flensburg**, please make sure you bring the remaining documents to the secretariat as soon as possible, as your student card and bus ticket will not be issued unless all matriculation documents are handed in.

- The three suggested **arrival dates** for international students, in order to get better support with the arrival and matriculation are:

Monday 26th of August

1st and 2nd of September

Please inform the Campus Angels of your arrival date via campusengel@uni-flensburg.de

Formalities upon arrival are: address registration, matriculation, bank account, resident permit, health insurance, etc.

The Campus Angels will be there for you from ca. 15th of August onward.

Visa

Before arrival

If the German embassy nearest to you has many visa requests, please schedule your visa appointment as early as possible, so that you can obtain your visa in time to register at the **University**.

International students (from outside of the EU) wishing to enter the Federal Republic of Germany require an entry visa for educational purposes (or student entry visa), issued by a diplomatic representation of the Federal Republic of Germany (embassy or consulate) in the student's country of origin and entered into the student's passport.

Prospective students should inquire in detail at an early stage about the visa requirements and should not enter Germany with a tourist visa. A tourist visa **cannot** retrospectively be converted into a student entry visa or residence permit for educational purposes. Even if your country does not normally need a visa to enter Germany. For example, USA and KOREAN students must request a visa.

Documents required:

- » valid passport
- » proof of health insurance cover (stating beginning, end and the coverage of the insurance)
- » proof of sufficient funds (minimum 735 € per month)
- » notification of admission/ letter of acceptance from the German **uni**versity
- » visa application documents

For more detailed information, please check this [document](#).

*** From September 1st, 2019, the amount of sufficient funds will**

increase to 10.236 EUR. For more information see [here](#).

After arrival

Non-EU students must register at the Foreigners' Office (*Ausländerbehörde*) within 7 days of their arrival to obtain an electronic residence permit (eAT). The residence permit costs 100 € (an extension costs 80 €). The entire application process may take up to 2 months. The eAT is issued in credit-card format incorporating a number of electronic functions. It contains a contactless chip carrying personal data, biometric characteristics (photo; two fingerprints from individuals aged 6 or over) and any additional provisions pertaining to the cardholder. It also contains electronic proof of identity and offers an electronic signature function.

Non-EU students must also register their address in **Flensburg** in the city hall ([Bürgerbüro](#)).

Help !

During this period, you can contact a group of motivated students who can help you find a place to stay in **Flensburg**. You can reach them via campusengel@uni-flensburg.de (only during that period of time).

Health Insurance

In Germany, all students up to the age of 30 are subject to compulsory health insurance (currently approx. 80 € monthly).

If you are from a country that has concluded a bilateral social security agreement with Germany and if you have sufficient health insurance coverage in your home country, you can be exempted from the obligation of insuring yourself with a statutory health insurance scheme for the duration of your course of study in Germany.

In order to get an exemption, you must bring and submit your EHIC ([European Health Insurance Card](#)) or other proof of health insurance in your own country.

Important information: all students must either be insured from a public German health insurance company or obtain an exemption of insurance from them. Without a supporting document proving such an exemption students will not be issued their student card and their bus ticket. **Beware** that such a document can only be obtained up to 3 months after entering Germany. After that serious penalties follow.

FAQs: <https://www.bmi.bund.de/SharedDocs/faqs/EN/topics/civil-protection/coronavirus/coronavirus-faqs.html>

Quarantine exemption

It is possible to be exempted from the quarantine obligation if you can prove an officially valid / recognized negative Covid-19 test.

There are **4 options** for the tests:

1. test in the country of origin. A list of accepted countries / tests can be found at the [RKI website](#). The test must be done no more than 48 hours before entry in Germany.

2. test in the newly established Corona test centre at Frankfurt Airport (2h test = 139 EUR; 6h test = 59 EUR). Test capacity 300 tests per day. You can find more information [here](#) or [here](#).

3. after arrival in Flensburg and entering quarantine students have to register with the public health department. The public health department will then call students back for information. In this interview students can register for a Covid-19 test. A member of the Health Department staff will then come to the student and take the test smear. The result should be available after two days. If the test is negative, the quarantine is terminated. The costs are also to be paid by the student and amount to approx. 70 EUR.

4. via the family doctor (the latter is of course only applicable to students who already have a family doctor in our area).

***Updates due to Corona:**

Classes for 1st semester students start on October 12th. The Fall semester 2020/21 is planned to start as an online semester and it will most likely continue online until the end. Students are however expected to join us in **Flensburg** in March 2021 for resuming classes at the **uni**versity.

Residency permits

a. EUF will not check these in Fall Semester 2020.

Proof of health insurance

b. In Fall Semester 2020, foreign students enrolled in the EUS/EUCS programs are not required to submit proof of health insurance if they complete the online semester from their home countries.
