Applying to Study at Europa-Universität Flensburg

» Listen

The application procedure for Spring Semester begins on December 3, 2019.

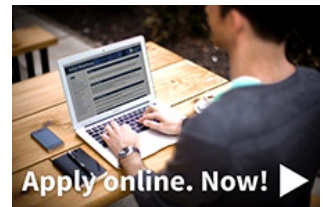

Important: In the past, applicants have often listed incorrect email addresses. Status mails were also rejected due to overcrowded email accounts.

We would again like to point out that Europa-Universität Flensburg is not obliged to investigate these errors. If we are unable to send a letter of admission to that applicant because she or he has provided us with an incorrect email address, this is the sole responsibility of the applicant.

On the following pages, you will find information about application procedure for all of the degree programs at Europa-Universität Flensburg.

The column to the left gives you access to information relevant to all applicants, as well as degree-specific application information for all EUF B.A. and M.A. programs and doctoral study. This includes the application information for the Bachelor's degree in European Cultures and Society, the Master's degree in European Studies, the Master's degree in Energy and Environmental Management in **Developing Countries**), and doctoral study at EUF.

If you have any questions about the application procedure for your chosen degree program, please **only** contact the persons listed in the **right menu bar**, preferably by email, **before** you begin your application. These designated staff members are the only ones who can provide you with legally binding information about the application, selection and admission processes for your selected program.
