The Europa-Universität Flensburg supports the establishment of research centres in order to raise its research profile, to increase funding opportunities from third parties and to promote the University's profile. Professors and scientific staff can be members of several research centres, because work in one research centre does not affect affiliation to an institute.

Joint research centres with the University of Applied Sciences Flensburg:

› Centre for Research on Education, Instruction, School and Socialisation (ZeBUSS)

› Interdisciplinary Centre for European Studies (ICES)

› Forschungsstelle für regionale Zeitgeschichte und Public History (frzph)

› Norbert Elias Center (NEC)

› Centre of Lesser Used Languages and Regional Languages (in formation phase)
