Aims & Goals Listen The B.A. European Cultures and Society (EUCS) is an interdisciplinary study program focusing on the cultural and social sciences of Europe. Empirical research methods, as well as hermeneutical methods of critical thinking, enable students to work in interdisciplinary settings. One of the particular features throughout this program is its project-based application of scientific knowledge in the fields of research, journalism, art and scenography, or entrepreneurship. This prepares students for dealing

is based on the Big Data phenomenon at the moment: Everybody is currently talking about Big Data as a catchword that creates an almost euphoric mood when it comes to the generation and analysis [...] -philosophical point of view" (Simanowski 2014). In this regard, it should be noted that at first the logic of algorithms is fundamentally based on statistical assumptions and not on causal explanations (Simanowski 2014 [...] -effect chains and finally there is the risk of establishing any correlations and misusing them as explanations (Mayer-Schönberger 2013). Based on the conflicting fields mentioned, there are currently two

General User Regulations (statutes) for the Communication and Data Processing Infrastructure of Europa-Universität Flensburg Listen The purpose of these user regulations is to ensure that the communication and data processing infrastructure of Europa-Universität Flensburg (EUF) is as accessible, error- and interruption-free and secure as possible for those who use it. These regulations are based on the university's legally defined duties and responsibilities, and on its mandate to preserve academic freedom. They set basic rules

#### [Peer review process](#)

</en/soziologie/culture-practice-and-europeanization/peer-review-process/>

Relevance:  44%

Peer review process Listen CPE applies double-blind review. Both the reviewer and author identities are concealed throughout the entire review process. We will usually involve two reviewers. We aim at turnaround times of 12 weeks. The editors review each initial submission and judge the general suitability for publication. Then the author either receives note of a desk reject

without further explanation, or the publication is sent to the reviewers for double-blind review. **Based** on the written recommendation of the reviewers, the editors decide

Relevance:  44%

Distance Learning Project on Cooperation (5CP) Listen The Distance Learning Project on Cooperation addresses current topics in the area of business cooperation (i.e. virtual enterprises or strategic alliances). Furthermore students gain real experience in cooperating in international teams: They collaborate in regionally separate (national or international) teams in a joint project, utilizing modern communication tools such as video conferences, internet platforms, joint data **bases**, etc. This module is offered during the spring term and belongs

### [About this journal](#)

</en/soziologie/culture-practice-and-europeanization/about-this-journal/>

Relevance:  44%

About this journal Listen Aims and scope Culture, Practice and Europeanization (CPE) (ISSN 2566-7742) is a peer reviewed platform for publishing research-**based** articles predominantly dealing with research into the multiplicity of social processes, interactions, and policies relating to Europeanization and international encounters in Europe [...] in Europe. Contributions may also be **based** on observations in settings outside of Europe that are (e.g. historically, politically, culturally) connected to European practices. This may relate, inter alia
