Wellness Lounge

Listen

The Wellness Lounge is completely realized from sponsorship. It can be used for no charge by the employees of the University of Flensburg in their lunch time from 12:00-14:00. During the rest of the day the Wellness Lounge is available for the members of the fitness club **CampusFitness®** and sponsors.

Users can relax on 3 heated water beds. Hydrojets massage the whole body and activate the peripheral blood circulation. The intensity of the water jets can be regulated on a display. Light in different colours and a special interior design additionally create a feel-good atmosphere.
