You are trying to find your way around campus? Take a look at our Campus Map - or familiarize yourself from the air with our green campus (video in German only):

About our Campus

Germany's most northern university, with 5,000 students, offers a very personal atmosphere. At Europa-Universität Flensburg we place particular emphasis on providing support and we value personal exchange with students and staff alike. At our University people know each other. Students are not just numbers lost in the crowd, but have names and faces who you will meet again and again. The University also sets great store by its international orientation, currently the International Centre cooperates with 80 partner universities in 32 countries around the globe.

Right in the middle

Studying and research take place in the Auditorium, the main building (HG), the extension building (EB) and in the branch office, Munketoft. All lecture halls and seminar rooms are barrier-free and equipped with multimedia devices. In addition, WiFi is available throughout the campus and students are granted access to it when they first register at the university. Teaching material and work stations can be found in the Central Library.

On the go on Campus

Europa-Universität Flensburg and the University of Applied Sciences are direct neighbors and share the same cafeteria, library, sports centre and campus. The campus is one of the greenest in Germany. Between lectures, students can relax on the spacious lawns and sunbathe or walk around the small lakes. Students can seek refuge from the sometimes uncomfortable north German weather in the cafeteria, which is operated by the Studentenwerk Schleswig-Holstein or in the Campus Suite Café, where a great variety of coffees, baguettes, muffins and other snacks can be purchased. Also located on campus are a daycare center, a swimming pool and several residence halls for students. Students who do not live on campus can get to the campus by taking buses number 4 or 5. There are also parking spaces for bicycles and cars.

Furthermore...

The old brick building at Munketoft is the branch office of Europa-Universität Flensburg. It is located in the heart of Flensburg, opposite the famous Flensburg Brewery, Flensburger Brauerei. The International Institute for Management and Economic Education is based in this building.

Here future managers can find not only their tutors, but also a small cafeteria operated by the Studentenwerk Schleswig-Holstein, a computer room, conference room and seminar rooms, plus many workstations.
