Library - the Central Library (ZHB)

» Listen

In the Central Library students eager to learn can find scientific literature. The library serves both students of the Europa-Universität Flensburg and students of the University of Applied Sciences Flensburg. It provides access to 421,000 books and over 18,000 electronic journals and e-books.

There are also approximately 380 workstations and several rooms for group work and quiet zones in the library. Books can be reserved, ordered and the loan period extended from home. You can also order books from other libraries to be sent to the Central Library.

How to use the library

It is possible to print from all workstations. In addition, students and lecturers can use three group rooms as well as a quiet zone (a separate room).

The Central Library (ZHB) offers regular introductory tours and courses on how to research. PhD students and Master students may borrow lockable book trolleys which may be used inside the library.
