The study program "Education in Europe" (M.A.) focuses on the analysis of extracurricular education in and through Europe.

Students can specialize in one of the following main subjects:

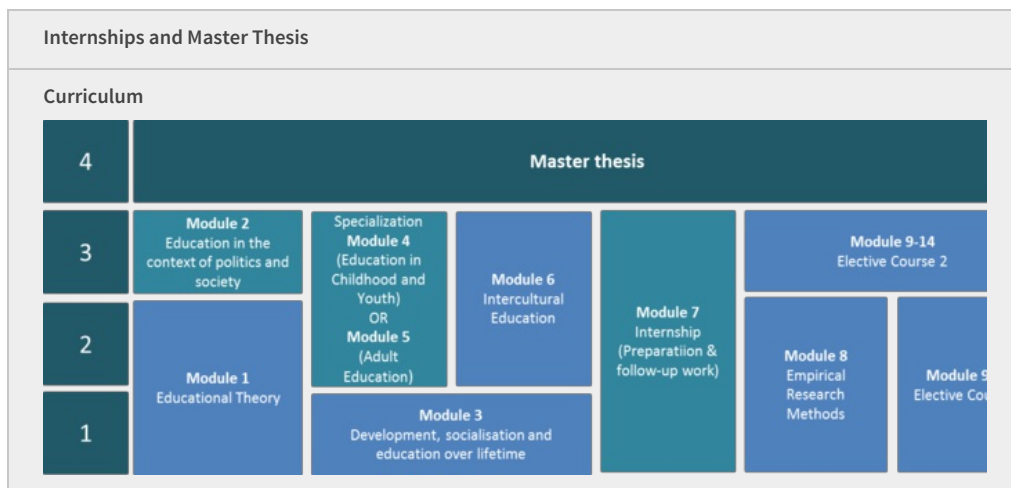

- › Education in Childhood and Youth
- › Adult Education

The specialization subjects are embedded in in-depth studies concerning education, analysis of the European education policy and studies on intercultural education and cultural comparisons.

The following elective courses are characterized by an international and interdisciplinary orientation:

- › European Studies,
- › Sociology,
- › Economics of Education,

- › Philosophy of Education,
- › Media Education,
- › Counselling and organizational psychology.
