## New enrollment procedure beginning in autumn semester 2020/21

» Listen

Starting in the autumn semester 2020/21, the procedure for enrolling in courses at the Europa-Universität Flensburg will be changed to a new procedure.

Previously, all courses were booked on a first come, first served basis. This procedure was a stressful situation for all participants.

In the autumn semester 2020/21, this procedure will be replaced by a **priority-controlled procedure**. In such a procedure, course enrollment is divided into two phases:

- » **In the first phase**, the students can enter their course requests in Studiport. It does not matter when these entries are made, as long as they are made within the designated time period.
- » **In the second phase**, the available places are allocated on the basis of the entered requests. This allocation is automated according to fixed rules.

The following pages hopefully answer most of your questions.

### News: Online information events about the new enrollment process

In addition to the information material on the following pages, you can learn more about the new procedure at one of the following online events. There, the entire procedure will be demonstrated and explained and there will be an opportunity to ask questions. Registration is not necessary. Just follow the link to the event on the dates indicated.
