Affiliated institutions

▶ Listen

Affiliated institutions are external institutions that have been awarded the status of a scientific or artistic institution of the University, without any change to their existing legal status. The prerequisites for this are set out in section 35 of the Higher Education Act Schleswig-Holstein (HSG). One of these prerequisites is, for example, that the institutions serve teaching, research or arts or perform tasks that are related to tasks within the meaning of section 3 subsections 1 and 2 HSG.
