- › Address and Journey

ZfL's institutions are the directorate, its director, its management as well as the employees who manage the courses of studies.

Several different facilities are associated with the ZfL:

- › [Central Student Advisory Service](#)
- › [International Center](#)
- › [CampusCareer](#)
- › [The Internship Office](#) as part of the ZfL
- › [Service Centre for Examination Matters](#)
- › [Centre for Continuing Academic Education \(ZWW\)](#)

As a research institution the Competence Centre for School, Teaching and Teacher Training Research (SchULe) is associated with ZfL.

The ZfL arranges further education and professional training opportunities on behalf of teachers and students preparing for teaching posts and other interested parties. For more information visit the [EULE](#).

An academic advisory board of external experts advises the directorate on matters of teacher training and on any planned or completed research projects.
