Europe Week at EUF

«Our annual Europe Week is the flagship event at Europa-Universität Flensburg, when the university celebrates the European spirit and highlights the rich multidimensionality of its cross-border research and teaching on behalf of justice, sustainability, and diversity. Each year, Europe Week features a unique thematic focus that draws attention to various aspects of Europeanisation and brings them closer to the members of our campus. By involving all levels of the university, we create room for students, lecturers and researchers to engage in diverse ways, thus bringing the concept of 'Europe' into reach of everyone as an experiential reality. »

Prof. Dr. Ulrich Glassmann,
Vice-President for European and International Affairs, EUF
