

Online Multiplier Event
“Internationalisation at Home and the SDGs –
Virtual Social Good Summit – Focus on Sustainability”
November 15, 2024
Europa-Universität Flensburg

The TRIP Multiplier Event @EUF will help to explore sustainable ideas on project outcomes. We invite you to engage in exchange on the sustainable development of activities carried out at EUF.

We will start with presenting core project goals and outcomes as well as elaborate on experiences. The input on service learning is dedicated to support the idea of cooperative learning methods - such as the challenge-based learning projects in TRIP - that help students to build competencies in real life situations while being accompanied by teaching staff. The third part of the event is focused on the question of how experiences made in TRIP and knowledge gained through the service-learning projects can inform work within the EMERGE context.

15:00 Presentation of Project TRIP¹ (Kühnemund, McGrory)

CPD modules on Internationalisation@Home

Challenge-based learning courses for students

Concept of QA for Inclusive Internationalisation@Home
