An overview of your possible destinations.

BEFORE YOU START...

Dear students,
at the International Center we are looking forward to supporting you during your stay abroad. In this brochure we have compiled an up-to-date list of all available partner universities. Get inspired and discover your ideal partner university!

TIPS

COURSE SELECTION:

Access to faculties at our partner universities depends on the contracts we have. Not all classes offered can be studied at each university. If you are interested in studying at certain universities, you are welcome to contact us to find out to which faculties you would have access to.

COSTS:

You don't pay tuition fees at partner universities. In European countries you will receive an ERASMUS scholarship. Answers to many questions about ERASMUS can be found on our [website \(page number 26717\)](#). You may also be eligible for *Auslandsbafög*. There are special funds for Palestine and Israel: Just ask!

RESEARCH:

Are you already interested in a specific place? Then look directly on the website of that university.

LANGUAGE:

At many universities you can study in English. If you speak the national language, all the better! Then you can also study in this language. At some universities, however, you need to know the national language (South America, Portugal, some universities in France and Spain).
