	5	every 2nd semester (spring term)	2 hrs/week	150 h	30 h	120 h	1 Semester
Module title	International Economics						
<p>The students learn to transform a personal interest from the field of current events in the international economy or development economics into a research question. By working on their own project and discussing other projects, students learn and practice scientific work.</p> <p>The course is a project seminar in which students discuss and analyze selected topics of international economics or development economics. The choice of topics is based on the interests of the students. The process of topic selection, preparation and processing is accompanied by presentations with feedback.</p>
