Vorbereitung
<p>The preparation for my semester took place normally, as everything was conducted by the international center. If one has the chance to take Turkish language courses for a semester prior to traveling, it is so helpful in Turkey because only few people speak English. A basic knowledge of the language helps you go around, ask for directions and busses without problems.</p>
Studium an der Partner-Hochschule (z.B. Vorlesungszeitraum, Unterrichtssprache, Kursangebot, Prüfungsform)
<p>Studying at Çukurova university is generally good. As one of the biggest universities in the country, Çukurova offers a wide range of courses in English, especially within the field of Economics and Administrative Sciences, in addition to German and French at the Education department. Each course took place once a week, lasting 2 hours per session. As for exams, students must take two exams during the semester: midterms and finals. The former comprises 20% and the latter 80% of the final grade.</p> <p>The campus of Adana is situated 8km away from the city center, with a good network of busses linking them. The campus offers a variety of facilities, including sports halls, a gym, football grounds, restaurants, a swimming pool. There is also a supermarket, a hospital, as well as two banks and several ATMs.</p>

Das Leben im Gastland (z.B. Wohnen, Einkaufen, Freizeit, Kosten)

Life in Turkey proves to be very interesting. One needs around 300€ to cover all expenses, including accommodation. It is generally cheap to go out for food, for shopping, and other pastime activities. The country is a famous touristic destination and you can use some of your time to visit some attractions: beaches, hiking areas, historical monuments, etc.

The weather in Adana is fairly warm with an average of 28 °C in May and 33 °C in June.

Praktische Tipps/Fazit

- Make sure you learn some Turkish in advance if you can; it makes living here easier.
- Accommodation is offered at a student dorm on campus. Two people usually stay in one room. It is recommended that you ask for a private room for more comfortability.
- Try to be here during the orientation week, so you can better be acquainted with the university, legal documents and also participate in the city tour organized by the international center.
