Vorbereitung

The Eötvös Lóránd University in Budapest has been a great experience. They offer Courses in different foreign languages including English, German or French. During the semester almost each class required student presentations beside the homeworks Given. Final exams included essays, verbal or written exams. The teachers, Erasmus coordinators as well as the students were more than helpful. The university had a beautiful library in the city center built in the 16th century, computer Labs or buffet with warm food as well. Budapest is a great city. Many many historical sights, Cafes, bars, clubs to enjoy after a long week at school. I spent two semesters in Budapest and would highly recommend it to anyone.

Studium an der Partner-Hochschule (z.B. Vorlesungszeitraum, Unterrichtssprache, Kursangebot, Prüfungsform)

I studied at Eötvös Lóránd University (ELTE) in Budapest for the spring and fall 2 semesters of 2018-2019. Most courses i took in English but since im fluent also in Hungarian as an American/Hungarian citizen, i also took 1-2 classes in Hungarian. Through Erasmus the courses were tuition free, but without Erasmus ELTE does have tuition fees. Tests vary depending on the course and teachers. Most classes require student presentation during the semester. Final exams can include verbal or written tests or written essays.

Das Leben im Gastland (z.B. Wohnen, Einkaufen, Freizeit, Kosten)

I really enjoyed life in Budapest. During the semesters i usually only had free time in the evenings after school and homework.'

Groceries cost about the same as in Germany. My rental apartment cost €400/month not including utilities.

Praktische Tipps/Fazit

Overall I really enjoyed life and studying in Budapest. If i had to i would pick the University of ELTE in Budapest again for my Erasmus stay.

I would recommend during course registration time to be fast and pick the desired subjects since at this univesrity its a kind of first comes based system. Once the pre-registration time ends there will be another registration period so be sure to check again for the courses you have alreday registered. Sometimes coordinators can drop you after a successful pre-registration if local students need the course so be aware and ready to register for the classes again.
