

Do you need help? The CampusENGEL are here for you!

Do you have questions about finding **housing, classrooms, placement tests** and **language courses, health insurance, visa matters, childcare** or **leisure activities** in Flensburg?

The CampusENGEL support **all new students** before and at the beginning of their studies at Europa-Universität Flensburg. As a first point of contact, the CampusENGEL can be found in the foyer of the Helsinki Building (HEL), from August 16 to November 30, 2021.

The CampusENGEL will be happy to help you and provide general information or orientation on campus and in the city of Flensburg. The team consists of German and international students from different countries who also speak English (and other languages if necessary). Their tasks also include the social and intercultural inclusion of new students: The CampusENGEL help to ensure that all students at EUF - regardless of lifestyle and worldview - feel welcome, respected and valued.

 Europa-Universität
Flensburg
