Module title	International Business Ethics						
<p>Students are prepared specifically for the ethical challenges they will face as international managers. Among other things, a path is opened for students to move into those parts of business consulting which focus on ethical and social auditing for consulting agencies, multinationals and NGO's.</p> <p>Feedback from alumni indicates that the ethics component of an international management degree provides a decisive competitive edge against other candidates when seeking challenging international assignments.</p> <p>The classes focus on combining theoretical and practical approaches. Students must develop their ethical reasoning processes in a structured fashion based on ethical theory, and apply these to a multitude of cases and real-life situations.</p>
