Module title		English II - Language Competence					
<p>After successfully completing the English II module, students will be able to move confidently in selected subject areas in both spoken and written language.</p> <p>The module combines the discussion of current political, cultural and economic events with their didactic use (learning forms of expression, perfecting grammatical knowledge). This is done by dealing with different, variable topics and their oral and written treatment with special reference to the linguistic development and skills of the students.</p>
