	5	every 2nd semester (fall)	3 hrs/week	150 h	45 h	105 h	1 Semester
Module title	Finance						
<p>Finance is the study of how people allocate scarce resources over time</p> <ul style="list-style-type: none"> • costs and benefits are distributed over time, • but the actual timing and size of future cash flows are often known only probabilistically. Understanding finance helps you evaluate these uncertain cash flows. <p>Students are able to understand and perform basic principles of accounting while also looking at the management side of financial decision making.</p> <p>The course consists of eleven presentation sessions and five discussion sessions leaving ample room to introduce practical issues raised by the students as well as answer any questions there might be. Each of these sessions will be 45 minutes. The table below summarizes the topics to be covered.</p> <ol style="list-style-type: none"> 1. What is Finance? 2. The Financial Environment 3. What is Accountin? 4. Discussion, Review Session 1 5. Accounting Statements 6. Financial Planning 7. Allocation Resources over time 8. Discussion, Review Session 2 9.
