## What makes our school special?

Our teachers come from different backgrounds, which means, we have lots of different ideas. Due to coming from so different school systems, we were able to gyurmázni öket together, which lead us to a whole other world of oppurtunities and possibilities.

As an international team, we believe that coming to a new school as a minority child, one has to face a lot of difficulties. We are easily able to help them overcome them, because once, we were the ones, having those obstacles in our lives, so we can easily get to understanding with children from foreign countries.

We are also in constant training, as we are learning from each other, from the students, and going on trainings every month, as well as having summer schools every once in a while.

Outdoor teaching is also playing a big part in our everyday life, we believe that moving in the nature before and during the lessons, can help one to concentrate better. We are always trying to make learning fun, by going on adventures, such as museums, hiking, spending a whole day at the beach, in the forest or in a new city.

Our youthful te always works through their differences together and makes learning fun!!

## Izabell Wichtl

IT TEACHER

Moin, I am Izabell, and I am from Hungary. I'm glad that the opportunities in my life brought me here, to Summer School Flensburg. In this institution, I feel at home and am able to express myself through teaching. The speciality that I brought here with me from Hungary, is that through the activities in my lessons, your children will learn with all their senses. What do I mean by that? Tasting, touching, smelling, feeling and seeing everything we are learning about!
