# Overview of the offers

## „Study as you are“ (STUDYasU)

The STUDYasU project is a theoretical and empirical project at the European University Flensburg (EUF). We support lecturers and students in the barrier-sensitive design of digital-supported teaching.

### How we work:

The meeting place is our Study Office for Barrier-Sensitive Service (STUBBS) in GOT001.1. Contact us to:

- share ideas about accessibility.
- design teaching and learning materials in a barrier-sensitive way.

## Our Content:

### The Idea

Based on scientific findings, we have designed templates and training modules.

### EUF-Specifics

Through a university-wide survey, we derive EUF-specific offers for lecturers and students at the EUF.

### Impetus from projects

Through cooperation and projects with university members, we identify new aspects for barrier-sensitive teaching and learning and improve existing materials.

## We offer:
