

Background information for teachers

Woodpecker protection code

To help the green woodpecker you could do these things together with your parents or teachers:

1. not use ant pesticides
2. not fell old trees
3. mark trees with dens
4. buy juice made from fruits from mixed orchard habitats
5. hang up a nesting box
6. look after a mixed orchard habitat with your school class
7. pick fruits in mixed orchard habitats
8. mow grass only rarely
