

# Teaching Material on Biodiversity Conservation (TMBC)

## Teacher's material

### Plan for the lesson about the grey seal

**Title:** The grey seal

**Author:** Malena Holle

**Quality Assessment:** Lea Stanke

**Level:** Primary level (third )

**Materials:** Video, worksheets, working instructions, information for the teacher

**Aims:** The students learn more about the life in the North Sea using the example of the grey seal. The students also learn more about their environment and how to protect it.

#### 1. Introduction:

*(10 minutes)*

The teacher shows the students laminated pictures (grey seal 3 and harbour seal 1) of a grey seal and a harbour seal. Then the students have to find out the differences between the two.

#### 2. The movie:

*(10 minutes)*

The teacher shows the movie „Grey seals with Tom Young“.  
(starting at 5:50 minutes)

After that, the students answer questions about the movie on worksheet 1.

#### 3. Create a factsheet:

*(20 minutes)*

The students create a factsheet in pairs. They get the information from the internet.

Homepage: <http://ypte.org.uk/factsheets/seal-grey/overview#section>

#### 4. Develop a quiz:

*(5 minutes)*

The students learned a lot about the grey seal; now they have to prepare a quiz.

Every student gets a file card, writes a question on the front and the answer on the back.

There is also the option that the quiz about the grey seal could be a little part of a big quiz instead. (For example about the animals in the North Sea.)
