

Questions to the children

1. What does GEH mean? (Home page)
2. What are the jobs of the GEH? (Menu button “The Society for the Conservation of old and endangered Breeds of Farm Animals (GEH)” and button “The AEU – Decree and Funding by the Federal States”)
3. What is the aim of the GEH? (Also button “The Society for the Conservation...”)
4. What is a “red list”? (internet research)
5. Have a look at the breed of the year 2006, the German saddleback. Summarize the information about the pig. (worksheet “The endangered breed of the year 2006 – The German saddleback”)
6. Find out if there are any old and endangered livestock breeds in your country. Write them down. (internet research)
7. Make an inquiry about the sponsorships. Decide in the whole group whether you can help the GEH actively with the conservation of a breed, by taking on a sponsorship for an animal. Because the webpage is German, you can call the GEH office and ask for information about the sponsorship. The number is: 0 55 42 / 18 64. Or you can write a mail to: info@g-e-h.de .

Green = You can find the information here. (Just a help for teachers when preparing)

To consolidate the results:

Make a profile for an endangered livestock breed in your own country. Create a poster which you can hang up in your classroom, so that the other pupils can get to know your endangered livestock breed.
