# Interdisciplinary Centre for European Studies (ICES)

ICES is one of the two core research centres of the EUF

## Goals of the Center:

- **Internally:** ICES supports university staff in all matters related to the strengthening of European studies
- **To the outside:** ICES works towards being an internationally renowned place for interdisciplinary European studies, networking with academia, politics and society

→ The element that connects us is not disciplinary affiliations but research on European-related topics. This provides manifold opportunities to promote innovation and synergies in thematic cooperation
