

## 2. ZeBUSS WINTER SCHOOL 15. – 17. Januar 2020

### ***Wissenschaftliches Arbeiten***

### ***Internationalization, English, and Scientific Research***

*Referent: Scott Simpson*

*Workshopsprache: Englisch*

The English language plays a key role in the internationalization efforts of higher education institutions and research centers. In this workshop, participants will understand the role of English as a lingua franca in scientific research. Particular attention will be paid to written and oral communication in terms of style guides and writing practices, and conference presentations and the presentation of one's self. By the end of the workshop participants will be able to talk about their work clearly and concisely in a semi-formal setting.
